**PROBABLE CAUSE**

5. On March 26, 2025, Homeland Security Investigations (HSI) agents, assisted by Immigrations and Customs Enforcement (ICE) – Enforcement and Removal Operations (ERO), the United States Border Patrol (USBP) and Federal Bureau of Investigations (FBI) conducted a worksite enforcement I-9 inspection of Flack Farms located at 63 Flack Road, Lisbon, NY 13658.

6. HSI Special Agents (SA) arrived at the office building of the farm and identified themselves as law enforcement and requested to speak with the owner and/or manager. SAs were advised that the owner, Michael FLACK, was not present and was out of the country on vacation. SAs spoke with M. FLACK's father, Timothy FLACK, who oversees the farm and its operations.

7. SAs presented records from previous I-9 inspections conducted at the farm, to include a warning letter that was previously issued to the farm in 2024 for I-9 violations. SAs issued a new Notice of Inspection (NOI) to T. FLACK and requested permission to speak to employees at the farm in order to verify compliance with U.S. hiring and labor laws, specifically pertaining to I-9 compliance. T. FLACK granted consent for SAs to speak with and engage with employees, he advised that there were approximately eleven employees total working at the time and of those approximately seven were foreign nationals.

8. SAs located and interviewed eight individuals who were later identified as having no legal status to remain within the United States. One of the subjects, Marco Antonio RUIZ-NUNEZ stated he was a Mexican citizen, who entered the United States without inspection, and was not in possession of any documents that would allow him to enter, remain, or be in the United States.

9. Due to the circumstances, Agents placed RUIZ-NUNEZ under arrest and transported him to the Ogdensburg Border Patrol Station. At the Ogdensburg station, RUIZ-NUNEZ was run through IDENT/IAFIS fingerprinting system which showed that RUIZ-NUNEZ had one prior order of removal from the United States. RUIZ-NUNEZ was ordered removed on March 17, 2024, and then actually removed from the United States on March 19, 2024, via El Paso, Texas.
